

Sketchbook Starter Class

All you need for this workshop is a basic sketchbook, pencil or pen and eraser.

There are many different brands and options that are easy to pick up at the local art store.. Below are examples of sets that are reasonably priced. I have a simple set of graphite pencils that come in different hardness and really like the kneaded erasers but have several types. Of course you are welcome to bring your own favorite sketch materials if you prefer.

** Please no graphite powder since we will be among the exhibits.
